## **Welcome!**

We are committed to bringing forth an extensive scientific program and many stimulating practical workshops. Practice, science, and philosophy unfold during the days of the congress. The story of OPEN DIALOGUE is a long and exciting story of specific ideas that have spread and developed in many places in the world, in different settings, cultures, and contexts for the past four decades. We all have similar aims and values, yet we have different backgrounds and ways of implementing our ideas. This congress is the right place and time to share our practices, feelings, and thoughts and meet and make new friends.

INTERNATIONAL FIGURES such as Jaakko Seikkula (Finland), Olga Runciman (Denmark), Robert Whitaker (USA), Andrea Zwicknagl (Switzerland), Martijn Kole (Holland), Tomi Bergström (Finland), Nick Putman (UK), Mia Kurtti (Finland), Daniel Fisher (USA), Pina Ridente (Italy), Itay Kander (Israel), Louisa Putnam (USA), Kermit Cole (USA), Alexander Smith (USA), Bodil Øster (Denmark), and Christine Nyquist (Norway) will be participating.

SPANISH PROFESSIONALS such as Silvia Parrabera (UAT, Hospital Universitario Príncipe de Asturias), Adolfo J. Cangas (Inclúyete), Jordí Marfá (Centro de Salud Badalona 2), Patricia Rey (La Porvenir), Pablo Fernández (La Porvenir), Mikel Valverde (Navarra), Salut Torné (Salutogénesis) and others, will help shape and deepen the discussion around the current development of the Open Dialogue approach in Spain and other ways of accompaniment in mental health.

Finally, an introduction by Jaakko Seikkula (Finland) and Anders Lindseth (Norway) will give way to the RESEARCH CONFERENCES: Raffaella Pocobello (Italy), representing the international research project HOPEnDialogue, Russell Razaque (UK) with the presentation of the advances in ODDESSI, a research program on the impact of Open Dialogue in the UK public health system, and Sebastian Von Petter (Germany), who will talk of the implementation of Open Dialogue, politics, and other problems.
